

Freshmen Welcome

Master Informatik / Computer Science

Bingen Winter Term 2024/25

Prof. Dr. rer. nat. Thomas Marx

Overview

1. General Information
 1. Location / Buildings
 2. Computing Center Information
 3. ECTS

2. Information on the master studies on computer science
 1. People
 2. Important Documents and Information Platforms
 3. Modules
 4. Time Schedule
 5. General Guidelines

Plan of Buildings

Campus

Campus plus Hermann-Höpke-Institute

Hermann-Höpke-Institute

- European Credit Point Transfer System
 - Introduced within Bologna reform
 - To foster student mobility

- Calculation
 - Base: student effort is measured in work time
 - 1 ECTS equals 30 hours of work
 - 30 ECTS per term equals half year of full employment
 - equals 900 hours of work
 - ECTS are called “Leistungspunkte” in German

Computing Center Information

- Computing Center Information for students
intranet.th-bingen.de/fuer_studierende/einrichtungen/rechenzentrum
- Contact/Support: helpdesk@th-bingen.de
- WiFi: two networks available, WLAN and EduRoam
 - Pattern to use: <username>@th-bingen.de *
 - Restricted networks (e.g. no point-to-point connections)
 - EduRoam available at many (Germany: all) universities of 106 countries
 - www.eduroam.org

Computing Center Information

- Webmail
mail.zdv.net

- Office365 registration
username@th-bingen.de

First Week (only): An IT helpdesk will be available in the foyer of building 5 from Tuesday 8.10. to Friday 18.10. after the morning lecture blocks (09:30 - 10:00; 11:30 - 12:00; 13:30 - 14:00).

People

Head of study course

Prof. Dr. Thomas Marx

Course guidance

Prof. Dr. Thomas Marx

Examinations Board

Prof. Dr.-Ing. Volker Luckas

Dean (“Dekan”)

Prof. Dr. Christian Baier-Welt

You are part of the department/faculty 2:

Fachbereich 2

Technik, Informatik und Wirtschaft

Faculty 2 Technology, Computer
Science and Economics

...for [contact details see website!](#)

Administration and Services

Administration offices

- [Mrs. Sonja Bail](#) (examination affairs), Room 1-213, 06721 / 409 424, bail@th-bingen.de
- [Mrs. Andrea Senner-Uhr](#) (faculty affairs), Room 1-214, 06721 / 409 463, senner@th-bingen.de

Exams

- HisInOne: incampo.th-bingen.de
- Enroll on exams (**deadlines: 15.12. / 15.06.**), retrieve results, enroll for study performance (**deadline: 21.10.**)

Time schedule

- WebUntis: <https://antiope.webuntis.com/WebUntis/?school=TH-Bingen#/basic/login>
- Look up your updated time schedule, find out on available resources/rooms

eLearning

- OLAT: olat.vcrp.de/dmz/
- Module/tutor specific information, learning material, [general information on computer science master](#)

Organization

- Intranet: intranet.th-bingen.de/
- Look up your examination rules, retrieve application forms, look up general information, open jobs and news

**Sign in for news and updates on your master course:

The following modules are available in the Winter Term 2024/25:

- **Systems Analysis** (compulsory module), Prof. Dr. Mehler, *details to follow beginning of October*
- **Architecture of Informationsystems** (compulsory module), Prof Dr. Kulesz, *details to follow beginning of October*
- **Scientific Seminar** (compulsory module), Prof. Dr. Marx, *details to follow beginning of October*
- **Artificial Intelligence** (compulsory module), Prof. Dr. Marouf, *details to follow beginning of October*
- **Model Based Software Engineering** (complementary/elective module, comprehensive), Prof Dr. Brings, *details to follow beginning of October*
- **Safe and Secure Programming in Rust** (complementary/elective module, computer science), Prof Dr. Kulesz, *details to follow beginning of October*
- **Advanced Data Mining with R and JavaScript on GNU/Linux** (complementary/elective module, computer science/AI), Prof. Dr. Halab, *details to follow beginning of October*
- **Computer Vision** (complementary/elective module, computer science), Mr. Haag-Pichl, *details to follow beginning of October*

The most important boards

ALSOS (Computer Science)

- internal committee on all computer science studies at Bingen
- Open for all to participate: professors, assistants, students
- Meets 3-4 times per term
- Organizes all concerns in context of computer science studies
- Within the university law it is the “Board on Study and Teaching (ASL/Ausschuss für Studium und Lehre)”

Faculty Council (Fachbereichsrat)

- “the” decision making council within the faculty
- Elected members (professors, assistants, students)

Senate

- Pivotal organ of the university (beside the chairman’s committee)
- “the” decision making council within the university on overarching concerns
- Elected members (professors, assistants, students)

Important Documents

Module handbook und rules of exams

- Module handbook
 - Gives detailed information on all modules / the content of the studies
 - Is permanently advanced by all tutors
 - Will (hopefully) be soon available within inCampo (online/up-to-date) and the website (asynchronous) (a provisional handbook/pdf is provided on the intranet)
 - The latest version of the module handbook [can be found on the website](#)
- Rules of exams (Prüfungsordnung/PO)
 - Is the legal “contract” between university and student
 - Lists the formal requirements of enrollment, completed by the language requirements within the enrollment policy (Einschreibeordnung)
 - Defines the structure of each course of studies, e.g. mandatory and optional modules, dependencies etc.
 - Defines the parameters of exams, e.g. maximum number of iterations, formal requirement etc.
 - Strong advice: study and be always aware of your rules of exams /PO!
 - Find the rules, forms (master thesis) etc. [here on the intranet](#) and [on the website](#)

Structure of the master studies

- Regular period of studies: 3 terms (90 ECTS)
 - 2 terms (60 ECTS) in presence/lectures, 1 term master thesis (30 ECTS)
(all modules within the master studies have a size of 6 ECTS)
 - Compulsory modules (6 in total)
 - 6 compulsory modules, each within an annual interval
(higher mathematics, artificial intelligence, enhanced DBS, system analysis, architecture of information systems, scientific seminar)
 - Complementary modules (4 in total)
 - 3 computer science focused ones and 1 comprehensive module (each 6 ECTS)
 - Offered complementary modules change, see timetable / module handbook
- *one computer science module must be chosen from the Artificial Intelligence (AI) field

60 ECTS /
10 modules

36 ECTS

24 ECTS

Disposition of Compulsory Modules

■ Winter Term

- Artificial Intelligence / KINT (Prof. Dr. Marouf)
- Architecture of Information Systems* / SYSE (Prof. Dr. Kulesz)
- Systems Analysis / SYSA (Prof. Dr. Mehler)
- Scientific Seminar (Prof. Dr. Marx) / exceptionally
- + complementary modules (computer science / comprehensive)

■ Summer Term

- Advanced Database Systems* (Prof. Dr. Schmidt)
- Scientific Seminar (Prof. Dr. Marx)
- Higher Mathematics (N.N.)
- + complementary modules (computer science / comprehensive)

*study achievement required

Complementary Modules

■ Winter Term 2024/25

computer
science

- Model Based Software Engineering (Prof. Dr. Brings)
- Safe and Secure Programming in RUST (Prof. Dr. Kulesz)

computer
science / AI

- Advanced Data Mining with R and JavaScript on GNU/Linux (Prof. Dr. Asis Halab)
- Computer Vision (Dipl.-Phys. Michael Haag-Pichl)

Note: Comprehensive complementary modules will be offered in summer term

Modules this Winter Term (Summary)

(for a “regular” term you attend 5 modules)

- [KINT](#): Artificial Intelligence (Prof. Dr. Marouf)
- [SYSE](#)*: Architecture of Information Systems (Prof. Dr. Kulesz /passcode in fist lecture)
- [SYSA](#): Systems Analysis (Prof. Dr. Mehler/no passcode)
- [WISE](#): Scientific Seminar (Prof. Dr. Marx/WISE2425)
- [MBSE](#): Model Based Software Engineering (Prof. Dr. Brings/ MB\$€)
- [RUST](#): Safe and Secure Programming in RUST (Prof. Dr. Kulesz/passcode in fist lecture)
- [ADAM](#)*: Advanced Data Mining with R and JavaScript on GNU/Linux (Prof. Dr. Halab/wise2425)
- [COVI](#): Computer Vision (Dipl.-Phys. Haag-Pich/COVI2425)

*study achievement required

Time Table Winter Term 2024/25 (taken from: Webuntis)

Master Informatik / Computer Science

	Montag 11.11.24	Dienstag 12.11.24	Mittwoch 13.11.24	Donnerstag 14.11.24	Freitag 15.11.24
08:00	KINT_WÜ 1-315	KINT_WÜ 1-315	SYSA_PV Digital Synchron, Digital Asynchron	MBSE_WÜ R1-236	SYSA_PV Digital Synchron, Digital Asynchron
08:45					
08:45 09:30					
10:00	MBSE_WV 2-302	ADAM_VW R5-331		WISE_WV 2-301	
10:45					
11:30					
12:00	KINT_WV 5-304	RUST_WV R1-236		SYSE_PV 1-315	
12:45					
12:45 13:30					
14:30	SYSE_PV 1-314	ADAM_VW R1-237		RUST_WV 1-315	
15:15					
15:15 16:00					
16:30		CoVi_VW 1-314			
17:15					
17:15					
18:00					
18:30					
19:15					
19:15 20:00					
20:30					
21:15					

Mind: all master students (of any „start term“) share the same time table!

The International Office

Introduction

- **Head of the International Office**
Corina Materne, B.A.
- **Incoming Coordinator**
Johanna Scarongella, M.A.
- **EWP-Project Coordinator**
Janek Vollmerding, B.Sc.
- **Student Assistants**
Daisy Agbezudor
Katharina Rosenthal

The International Office

Introduction

- Support and counseling of international students (exchange, foreign students)
- Scholarships and grants for international students
- Stays abroad: study period, internship
- **Internationalization@Home**: Buddy Program, events, excursions

Intranet → International Office

General Guidelines

Presence and participation during the term

- Participate at (mostly all) lectures and tutorials. Participate and get involved!
- DO your homework, always. You may consult media et al, but NEVER without reference.
- For project meetings (and similar) attendance absolute mandatory, only serious reasons will be accepted – tutor and fellow students to be notified.
- Always team up with fellow students.
- You are a full-time student; priority is on studying. Other jobs are second. Period.

Exams

- You always have to (technically) register for all exams within the inCampo system (<https://incampo.th-bingen.de>) – the earlier the better!
(only one exception: the master thesis registration is form based, see exam board)
- Time period for (mainly written) exams: February for winter term, August respectively
- Some modules define the examination performance as a presentation or project work during the semester. In these cases, the de facto (non-technical) registration for the examination performance takes place with the acceptance of the respective examination task.
- Deregistration: a week before the exam. Projects & Presentations: contact your tutor if it is still possible.

Communication

- Best way: contact tutors by email using your own TH-Bingen address.
“Hello Prof. xyz, <text in full sentences>, kind regards, <full name>”
- You may always ask for appointments or try to encounter tutors at their office.
- Do refrain from contacting tutors spontaneously synchronously on messengers, MS Teams, telephone etc.
- Module specific questions: ask right within the module (all fellow students may benefit) or right afterwards

Timetable for Today

Conducted by the ASTA (student's union executive committee)

- 13:45 Welcome and information by the program director (Room 1-312).
- 13:45-14:30 Workshop of the General Student Committee (foyer)
- 14:30-15:00 Question Time
- 15:00-16:00 Campus Tour

(you should have received a voucher for free lunch, today)

Questions, Comments?
